# NORTH KERN WATER STORAGE DISTRICT

October 7, 2024

## NOTICE

### All Landowners and Water Users

#### **2024 ISABELLA CARRYOVER AND WATER TOLLS**

The carryover storage at Lake Isabella from the wet conditions in 2023, combined with the wet hydrologic year in 2024, enabled the District to meet all Class 1 and Class 2 irrigation demands in 2024 using surface water.

To conserve water in Lake Isabella for a possible dry year in 2025, the District plans to reduce withdrawals from the lake beginning October 14. The District is planning to meet all landowner's irrigation demands by pumping deep wells.

The District will be increasing the water tolls starting October 14<sup>th</sup> to cover the District's cost of well operations.

Effective October 14, 2024, and until further notice the District's water toll rates will be:

**\$200.00 PER ACRE-FOOT**

**for both Class 1 and Class 2 lands**

[Please note that all water orders should be made 48-hours in advance]

If you have any questions, please contact the District

Sincerely,

A handwritten signature in blue ink, appearing to read 'David Hampton', with a long horizontal flourish extending to the right.

David Hampton,  
General Manager
